Dear Students and Faculty,

On behalf of the Niagara Folk Arts Multicultural Centre, we are writing to express our deepest thanks for your generous contribution of \$711 toward the Resettlement of Refugees to the Niagara Region.

We are sending a big thank you from everyone at the Niagara Folk Arts Multicultural Centre to the great students in Grade 4 Esme Whitman and Sofie Aljourmi for their wonderful initiative to raise money to support Syrian refugee families. We would like you to know that your thoughtfulness is truly making a difference in the lives of so many young Syrian Refugees.

Thank you again for your support which makes it possible for our organization to advance its mission to provide services to newcomers as they strive to create a rewarding new life in Canada.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Burch".
